Activities and achievements to support nomination:

Please describe the effort of nominee on C-STEM education. Examples include innovative teaching of computing or integration of computing into STEM subjects, stimulating students’ interest in computing, outstanding performance and achievements of students, innovative techniques used in the classroom, and advising students on extracurricular activities.
Letters of Recommendation:

One or two letters of recommendation from nominee’s colleagues, or school/district administrators describing how the nominee satisfies the criteria set forth for C-STEM Teacher of the Year award. These criteria are summarized below.

- Evidence on excellence in computing and STEM education, especially on integration of computing into STEM education.
- Present concepts in fun and exciting ways.
- Inspire students of all backgrounds and learning abilities.
- Have the respect and admiration of students, parents, and colleagues.
- Play an active role in school and extracurricular activities.
