Learning-Through-Doing
join the maker revolution

The 7th Annual Conference in Integrated Computing & STEM Education

WHEN: Saturday, November 4, 2017 8am – 3:30pm
WHERE: UC Davis Conference Center

- Addresses issues related to teaching integrated computing, science, technology, engineering, and math
- Provides a forum for K-14 STEM teachers, researchers, educators, policymakers, and industrial partners to discuss the future of STEM education
- Offers opportunity to examine groundbreaking work of the C-STEM center
- Review the impact on increasing student motivation and achievement in STEM education and improving college and career-readiness skills

AWARDS

C-STEM Teachers Award: for their dedication & achievement on Integrated Computing & STEM Education.
C-STEM School of the Year: presented to schools that achieved excellence in integrated learning of computing and STEM subjects.
