Summer Institute

C-STEM Summer Institute on Integrating Robotics into Math, CS, and STEAM Education

This intensive summer institute is designed to provide professional development for K-12 teachers to learn how to bring learning to life. Participants will gain first-hand experience on the principles of robotics, coding, and physical computing with robotics and Arduino, and how to integrate them into STEM classes.

This institute is open to any K-12 teachers. No prior experience is necessary!

10 Interactive 4-Hour Online Sessions

June 14 – June 18, 2021 &
June 21 – June 25, 2021

1:00 pm – 5:00 pm PST

Register by **June 4th, 2021**
